## Event & Meeting Spa Services

Infuse a little wellness, relaxation and rejuvenation into your next meeting, tradeshow or event. Whether your group is 8 or 800, we can customize a schedule and menu of services to meet the needs of your hard-working team, clients or meeting attendees. Our services are ideal for Hospitality Suites, Registration times, Wellness Breaks, or as a Break-Out session and are also available at Madison Square Garden or the Javitz Center.

### Calm Mind Ritual

Our rejuvenating treat incorporates expanding and soothing essences of Lavender and Peppermint to help relieve headache tension and stress while your temples and scalp are gently massaged.

### Tech Neck Chair Massage

Unwind in a comfortable, ergonomic chair while the stress melts away. Our treatment is designed to dissolve the cricks and pains from cradling telephones and craning to see computer screens.

### PDA Pain Relief Hand Massage

Hand reflexology, stretches and forearm massage are blended to fight the Texting Thumb twinges that afflict PDA addicts.

### Foot Fatigue Reflexology Massage

A true treat for tired feet! Recline in a comfortable chaise lounge while our expert therapist brings rejuvenation to the entire body through massaging and applying pressure to the feet and toes with expert technique.
